**President Stephen Pearce**

The Whyalla Mount Laura Lions Club along with Lions Medical Research Foundation personnel conducted a free skin cancer screening last weekend at the University of South Australia Department of Rural Health Campus.

A similar screening was held in 2016 so it was thought that the time had come for a return to Whyalla to enable a comparison with the previous visits results.

A person's risk of skin cancer can increase with the following factors:

A family member (Mum, Dad, Sibling or Grandparent) who has had a malignant melanoma

Five or more moles (not freckles) on the forearm

Previously had moles removed that were not cancers

Previously had skin cancer

A mole or freckle, which is changing, size, colour or shape

Fair skin that always burns not tans

Had blistering sunburn as a child enough to stay away from school

Any inflamed skin sore that does not heal

There were 157 people screened over the two days with a total of 39 persons (25 per cent) being referred to their GP for further investigation.

Of these referrals there were 65 lesions that were suspected of being 'life threatening'.

This free community service is provided by the Lions fundraising and is just one of the ways that the Lions sausage sizzles provide for our local community.

**Project coordinator Lion Brian Marshall** would, on behalf of Mount Laura Lions Club, like to thank the University of South Australia Department of Rural Health, Lions Medical Research Foundation, Bank SA Foundation, Southern Cross Austereo and the Whyalla News for their valued support.

## Bob's Mitre 10 BBQ Roster

**July 6th (9am—1pm) 7th (10am—1pm)**

**S.Pearce (Capt)**, L.Clapp, S.Sutton., G.Lowe
